# BONUS ACTIVITY

## CLASS 7

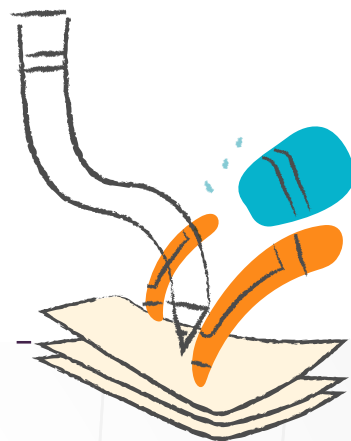

### STRIKE A POSE!

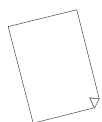

# ACTIVITY: MOVING NINJA

## WHAT ARE WE DOING TODAY?

Today, let's meet a Ninja who uses thunder in his tricks. Let us draw the Ninja in a striking pose using the steps given below.

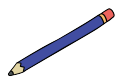

## MATERIALS REQUIRED

1 Practice Sheet

Eraser

Pencil

Crayons/  
Color pencils

## SENSEI MOKUTO'S MOVES

Sensei Mokuto was practising his thunder tricks like he did every morning.

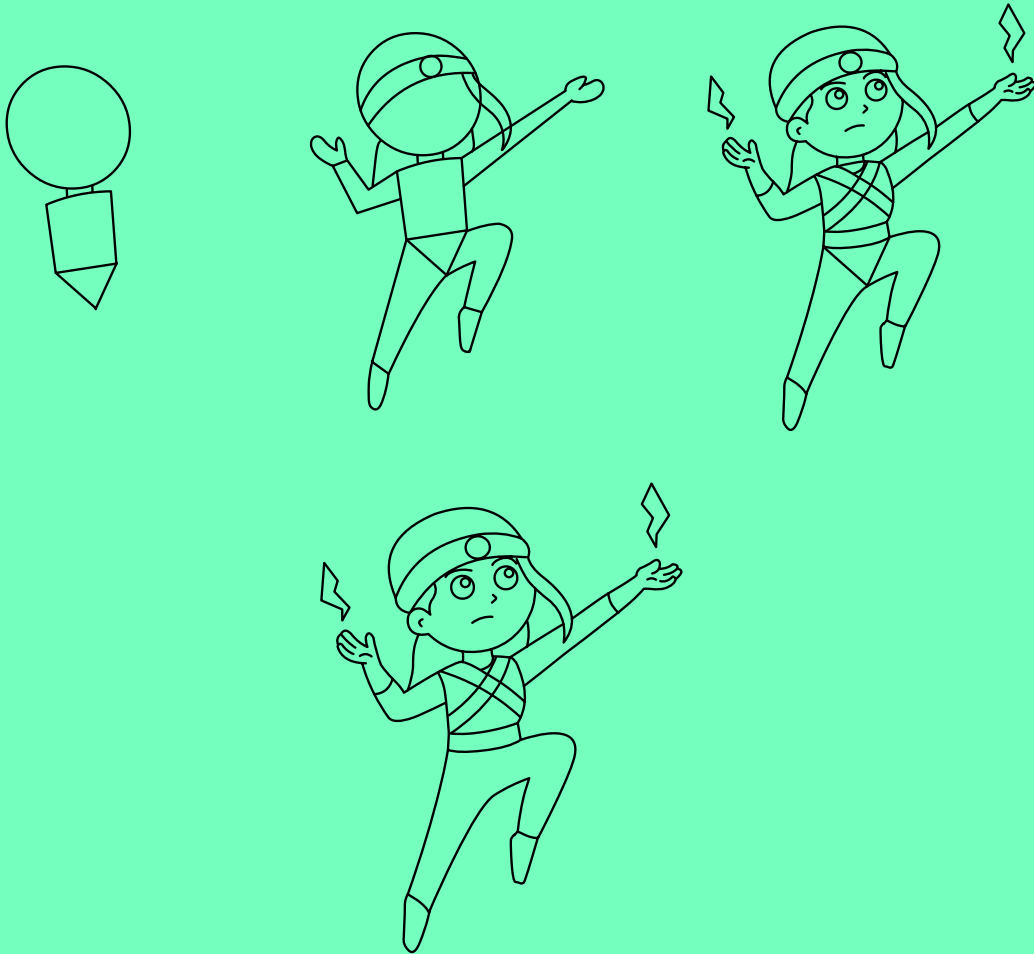

That's when he spotted something in the sky! What was it? He saw it coming towards him, tearing through the clouds and scaring the birds. In a flash he leapt up, ready to attack! Before we dive into the adventure, let us draw.

FOLLOW THESE STEPS TO DRAW THE LEAPING SENSEI MOKUTO.

## Step 1:

Follow the construction steps given here to draw Sensei Mokuto's pose in the left corner of your sheet.

## Step 2:

Use your imagination to draw what Sensei Mokuto saw in the sky.

Was it a monster? An alien?

**Step 3:**  
Outline and color your illustration.

**Step 4:**  
Take a photograph of your illustration.

**Step 5:**  
Upload the image to the Main Student Portal  
to submit your illustration.

**Optional:** You can also add your illustration to a  
new page on your Sketchbook on Book Creator.

## A NOTE ABOUT BOOK CREATOR

- All the Bonus Activity submissions must be uploaded on the Main Student Portal.
- This is a smaller activity to help the child maintain a digital Sketchbook of practice drawings.
- Book Creator is an online book creation tool that we use throughout the Illustrator program.
- The student is encouraged to add their practice drawings, as well as their old sketches into their digital Sketchbook on Book Creator.
